

1st global conference on methamphetamine

Science, Strategy and Response

PRAGUE 2008

The 1st Global Conference on Methamphetamine: Science, Strategy, and Response, will take place in Prague on September 15th and 16th of 2008. The main conference events will be held at Prague's historic Charles University. The primary objective of the conference is to bring together scientists, world leaders and professionals to discuss the intersection between methamphetamine use, public health, law enforcement and civil society.

For information regarding registration, call for abstracts, exhibiting, sponsorship, travel and hotel accommodations, please visit: www.globalmethconference.com or email: prague2008@globalmeth.com

Prague

Prague's magical city of bridges, cathedrals, gold-tipped towers and church domes, has been mirrored in the surface of the swan-filled Vltava River for more than ten centuries. Undamaged by WWII, Prague's compact medieval centre remains a wonderful mixture of cobbled lanes, walled courtyards, cathedrals and countless church spires all in the shadow of her majestic 9th century castle that looks eastward as the sun sets behind her. Prague is also a modern and vibrant city full of energy, music, cultural art, fine dining and special events catering to the independent traveler's thirst for adventure. Regarded by many as one of worlds most charming and beautiful cities, Prague has become the most popular travel destination in Central Europe

The conference partners would like to thank the City of Prague for supporting this even
